Capital University of Science & Technology

BS Software Engineering
CGPA: **3.95 / 4.00**
Expected 2028

Punjab College

FSc Pre-Engineering —
1064/1200
2024

Capital Public School

Matriculation — 1018/1100
2022

LANGUAGES

English • Urdu

CERTIFICATIONS

- Chancellor's Honorship (Fall 2024)
- Chancellor's Honorship (Spring 2025)
- CodeAlpha C++ Internship Certificate
- Deloitte Australia Tech Job Simulation
- AWS Cloud Core Team Badge
- Volunteering Head Certificate
- 65 Hours Community Service Certificate

PROFESSIONAL SUMMARY

Frontend Developer and Software Engineering student at CUST with a CGPA of 3.95/4.00. Passionate about building modern, responsive web applications using React, TypeScript, and Tailwind CSS. Experienced in developing real-world projects with modern frontend technologies.

SELECTED PROJECTS

Maham Clothing Store

React • JavaScript • Tailwind CSS • Vite

- Developed a responsive fashion e-commerce platform with authentication, cart, wishlist, and checkout.
- Built with a mobile-first approach for a seamless experience across all devices.

GitHub | Live Demo

Parima – Community Opportunities Platform

React • TypeScript • Supabase • PostgreSQL • Tailwind CSS • Vite

- Built a community platform connecting users with jobs, volunteering, and local events.
- Implemented authentication, role-based access, profiles, applications, ratings, and real-time updates.

GitHub | Live Demo

Brew & Bean Coffee House

React • JavaScript • Tailwind CSS • Vite

- Designed a modern responsive coffee shop website with interactive menu browsing.
- Crafted an elegant UI focused on engaging customer experience and smooth navigation.

GitHub | Live Demo

SMAR's Perfume Store

HTML • CSS • PHP • MySQL

- Developed a luxury perfume e-commerce frontend with responsive layouts and clean product presentation.
- Built with PHP and MySQL for dynamic product catalogue management.

GitHub | Live Demo

ACADEMIC PROJECTS

Weather Forecasting System — C++, REST API, JSON · GitHub

Disaster Evacuation System — C++, OpenRouteService API, JSON · GitHub

Banking System — C++, OOP, File Handling · GitHub

Hotel Room Reservation System — C++, OOP, File Handling · GitHub

EXPERIENCE

Virtual C++ Programming Intern CodeAlpha

Jul 2025 – Aug 2025

- Built console-based applications using object-oriented programming principles.
- Completed assigned development tasks within project deadlines.
